

Mario's

In 1961 my wife Flora and I emigrated from Abruzzi Italy to begin new lives here in America. We brought with us our cherished homemade recipes and passion for Italian food and culture. In 1976 we opened our first Mario's restaurant here in Rochester. Today, together with my two sons Anthony and Danny, we are proud to continue sharing our homemade cooking with you and your family because at Mario's you are not just a customer, you are my special guest. Buon Appetito!

Your steak will be char grilled in our state of the art 1600 degree high heat infra-red oven system. Each steak has been personally hand selected from local butchers. Mario's steaks are served on a sizzling hot iron skillet with grilled ciabatta bread. As your steak sits it will continue to cook on the hot skillet. If you wish to maintain your steak at its current temperature, simply place it on the ciabatta bread to insulate it from the heat.

Enjoy your dinner.
